
REVIZA

Revolutionizing Studying

Problem

Problem 1

Lack of centralized access to high-quality study materials in Zambian Universities.

Problem 2

Makes the process of revising and retaining information more difficult than it should be.

Market Research

We started by conducting research of apps that were doing something similar to us. But then we realised...

Khan Academy

Course Hero

studocu

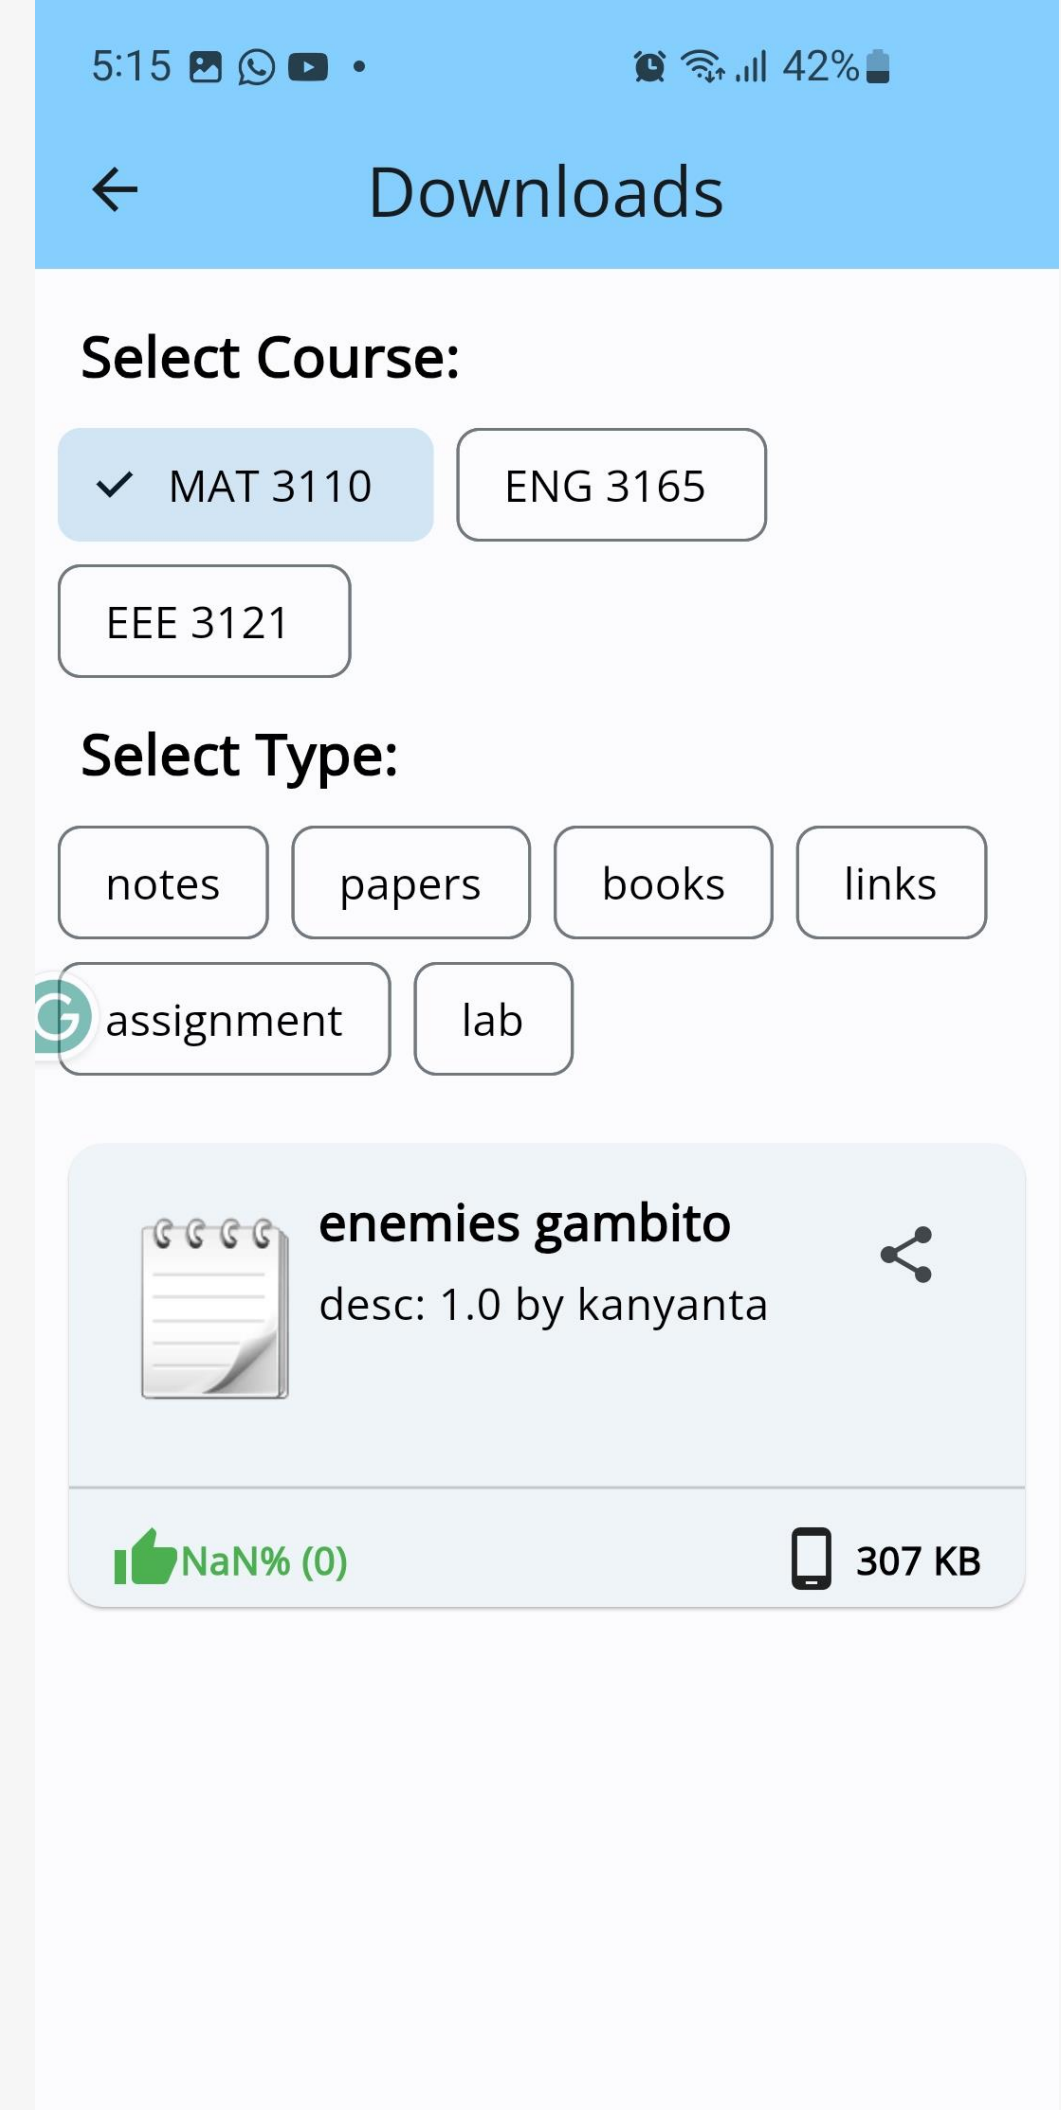

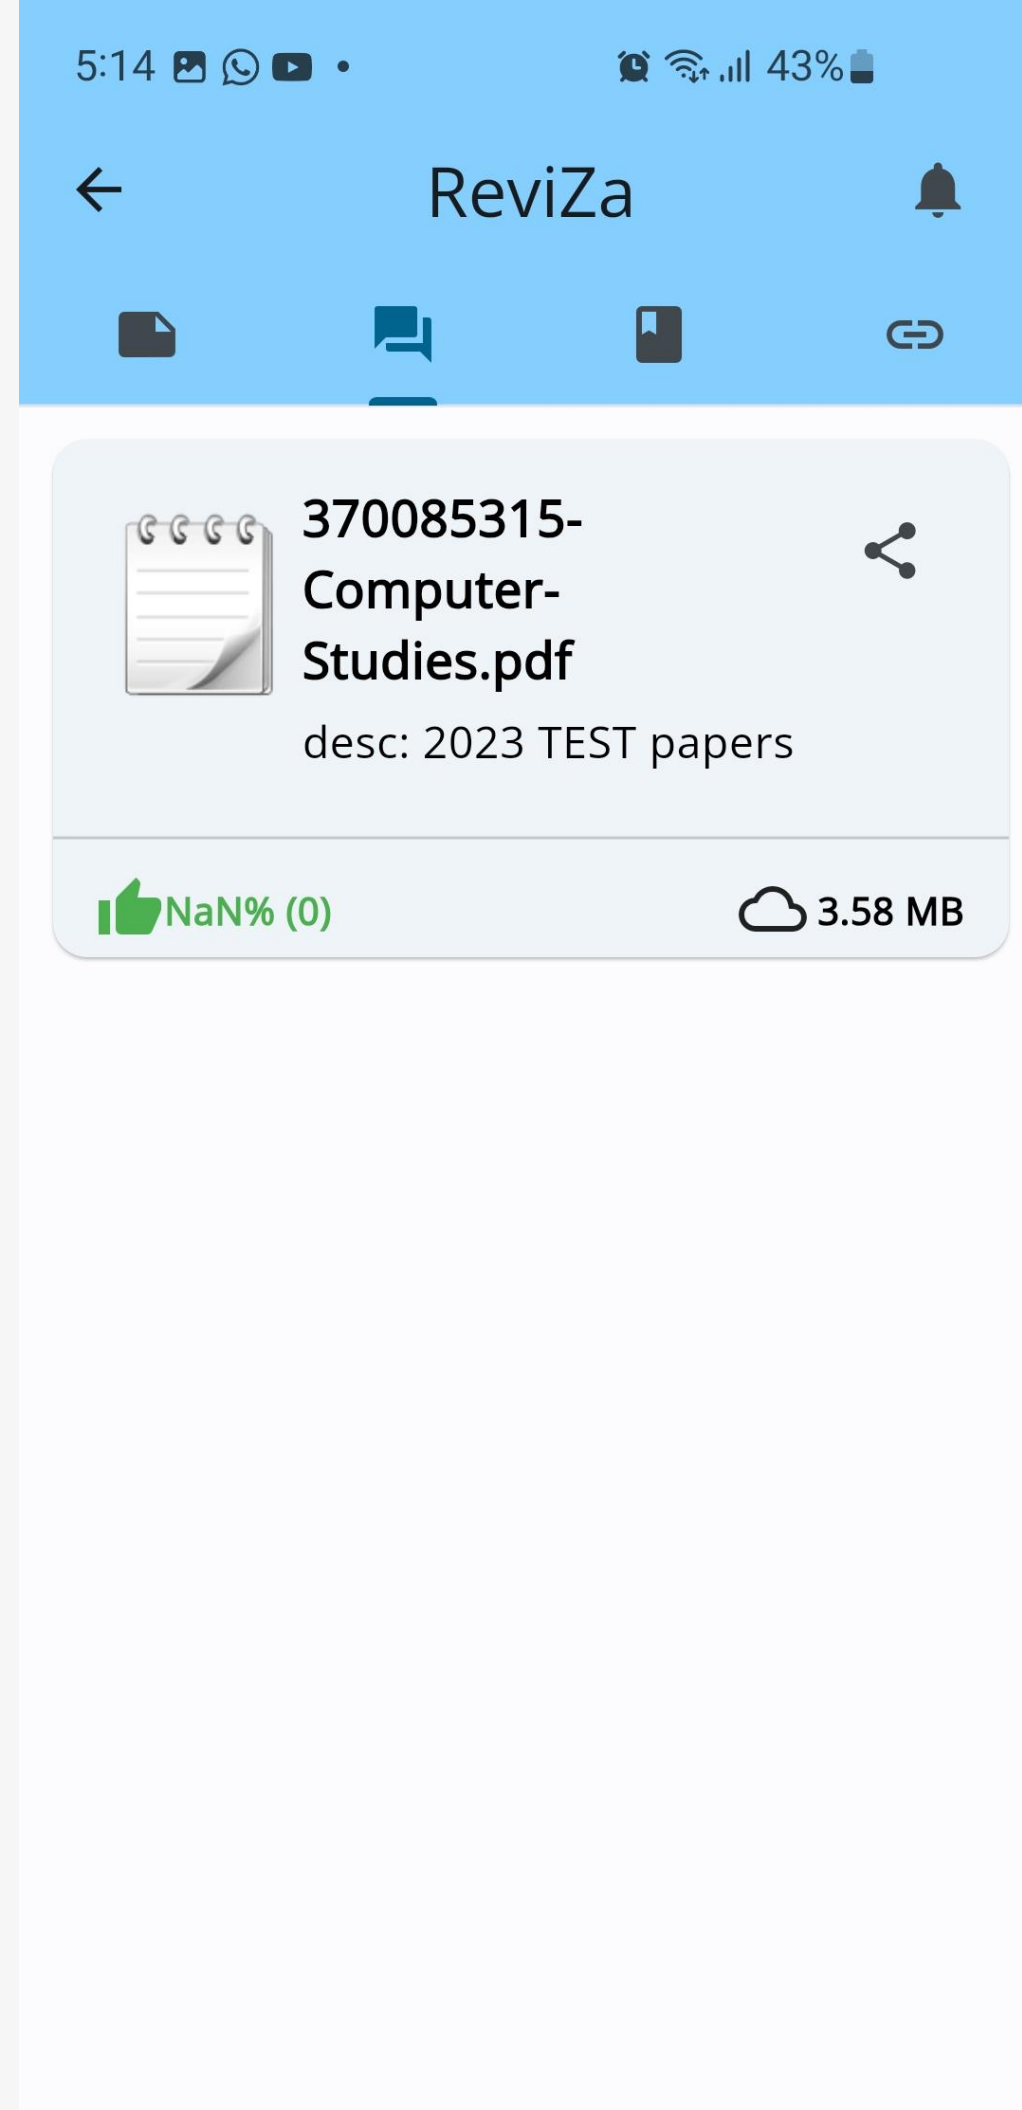

Solution

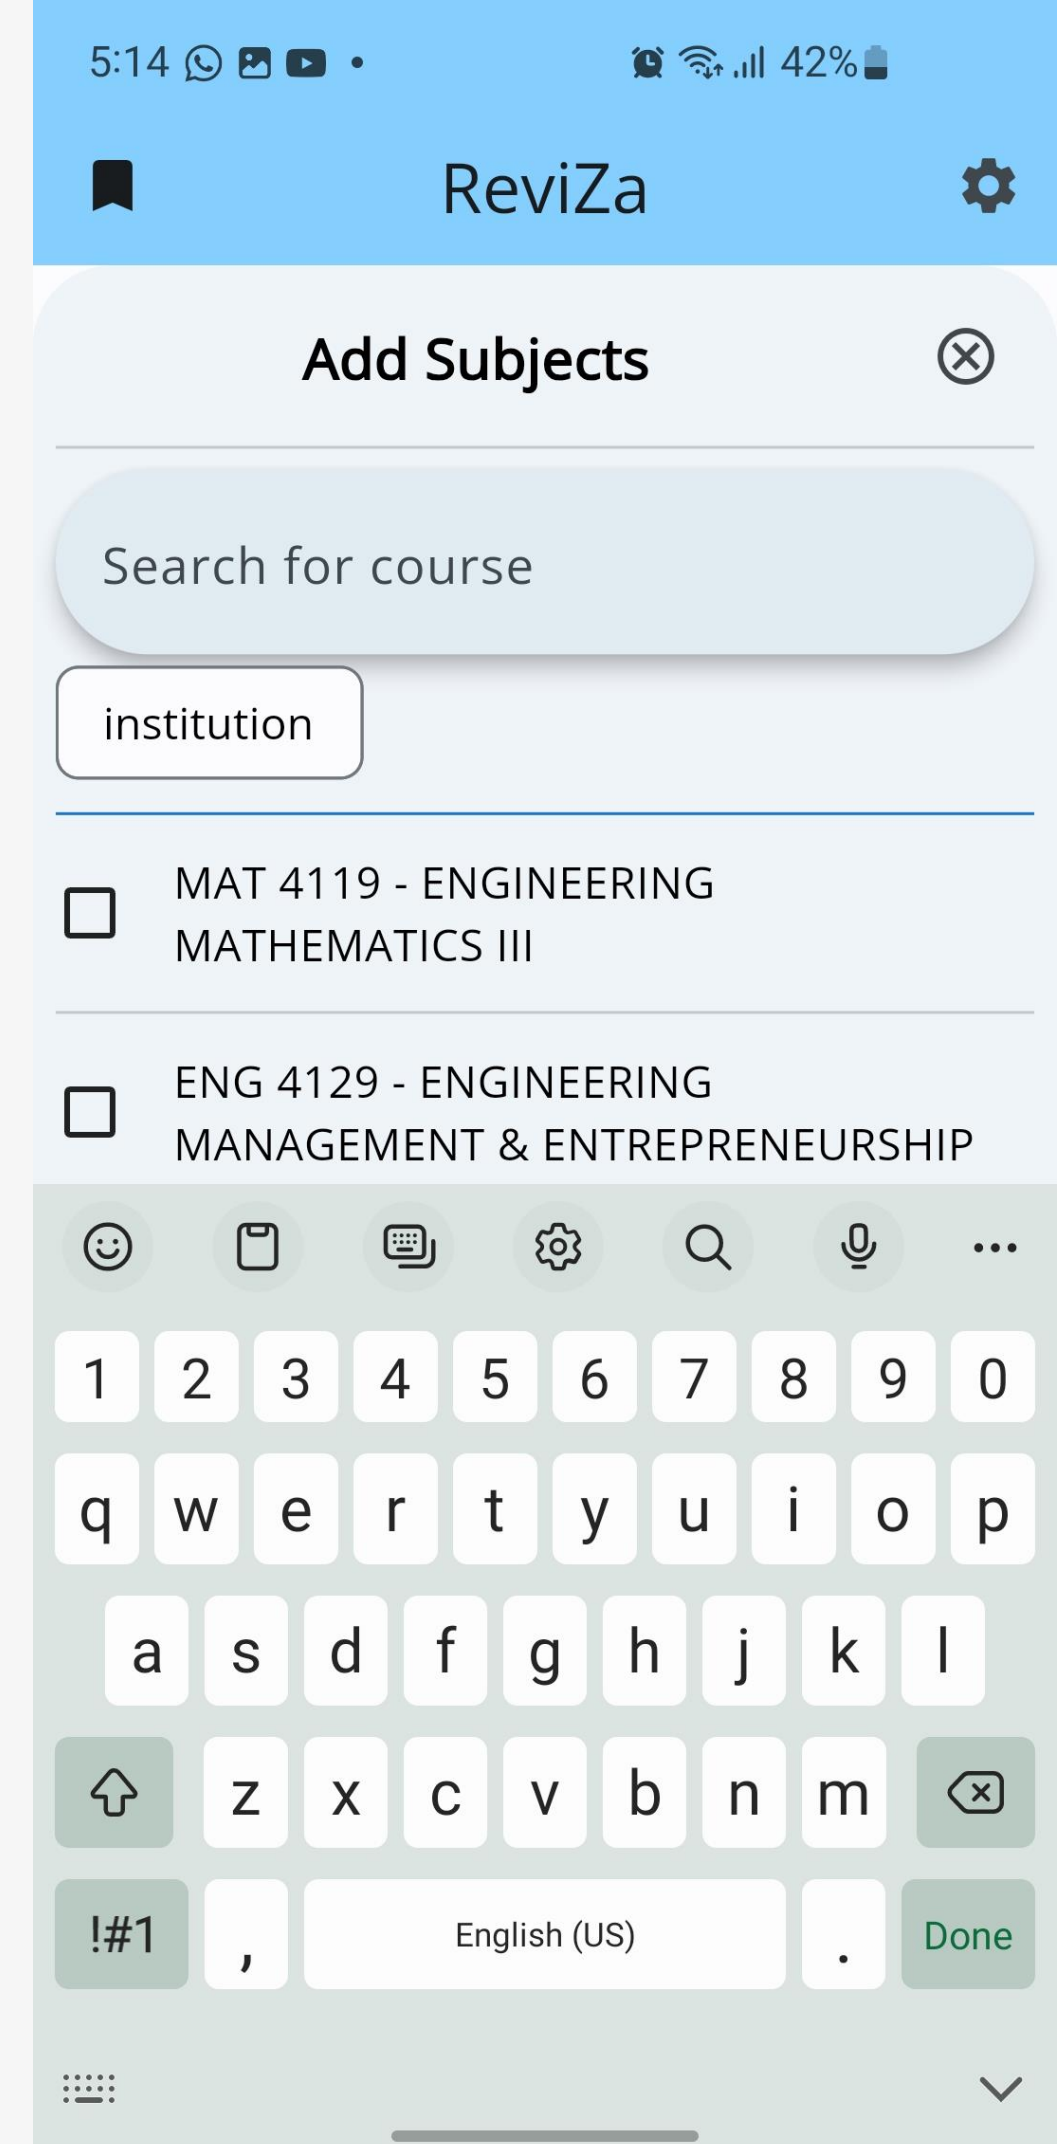

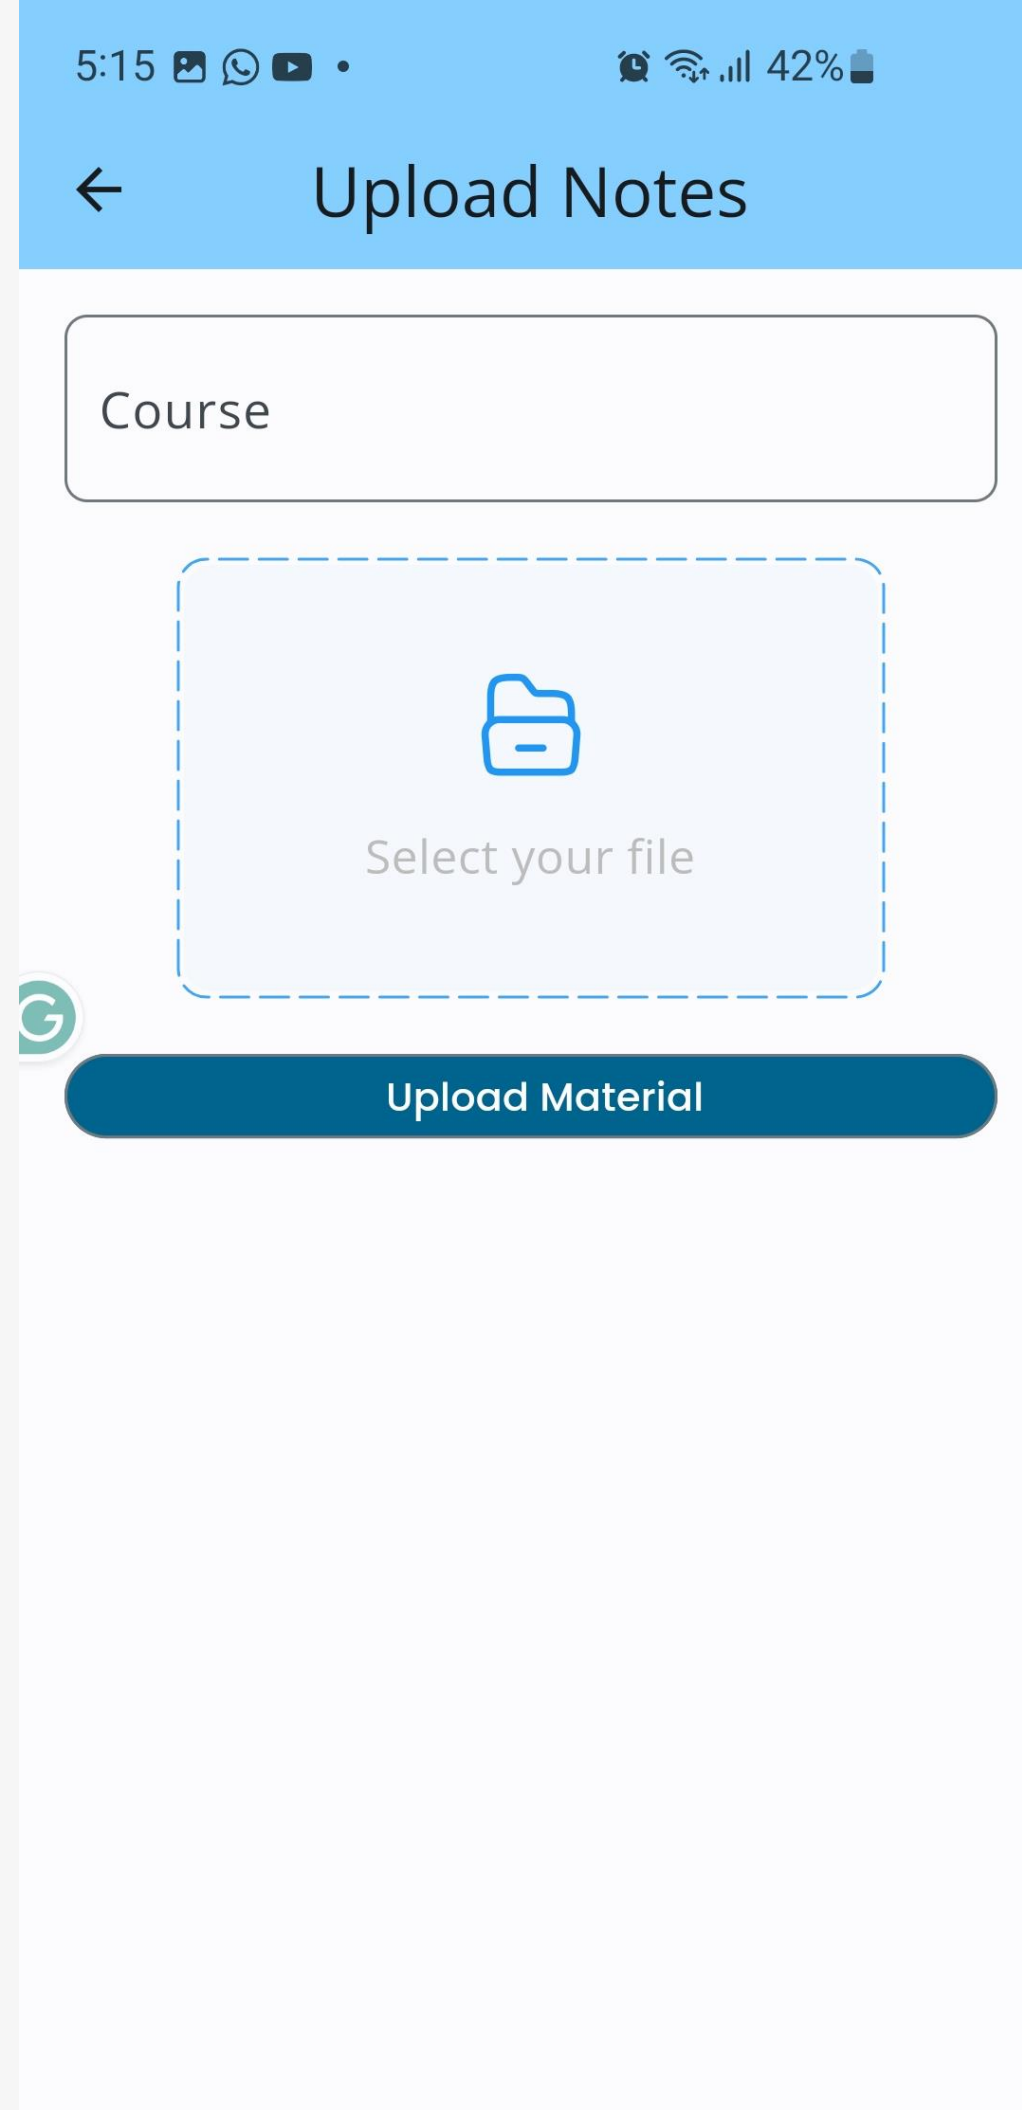

This then lead to the birth of what we now know as ReviZa.

Key Features

Key Features

Target Market

Target Market 1

Higher Education Students.

Target Market 2

Tutors and owners of Tutorial
Academies.

Business or Revenue Model

Initial cost is minimal.

The main way our app will make money will be through ads.

The second will be to introduce a subscription model.

How It Works

1.Download the App:

1.ReviZa is available for download on [App Store] and [Google Play Store].

2.Create Your Account:

1.Sign up using your email or other social media accounts to access the full suite of ReviZa features.

3.Explore and Share:

1.Dive into the app, join study groups, and start sharing or downloading study materials with your peers.

4.Connect with the Chatbot:

1.Have a question? Engage with the Gemini Pro chatbot for instant assistance.

Pitcher

Kanyanta Makasa
Mobile app and
backend developer

Kangwa Mukuka
Frontend Developer

The background of the entire image is a dense, close-up photograph of green fern fronds. The fronds are finely divided and have a vibrant green color, with some areas appearing slightly darker due to shadows. They are arranged in a way that creates a textured, layered effect across the entire frame.
